Dear Robert:

In reply to your letter regarding the Curtis Valley School, the copy you sent looks real good.. You asked for corrections, etc., so I am listing some I have noticed.. I have made a light pencil mark near a few.

On page one -- Wanda, I think should be Manda McMullen. The ? before Ledyard looks like Fanny; which would be better as Fanny. Alice Bartholomay; same as Fred with ending --mew. Page 2 --Lillie (Ledyard) Nell. (My mistake). She was a sister to Fannie (I think she used ie instead of y); They both went to C.V.Sun.School at one time, and helped in the building of the new one. Fannie(Ledyard)Necle was at the dedication of our new S.S. building.(I don't know if you want to enlarge any on Dr.John Niles,Sr., but he became a noted Dr.. in Carbondale. I understood he did much in the building of the new Presbyterian Church in Carbondale.) Those two names you mentioned should be Homer Hauenstein and Charles Varcoe.(They were misspelled on the Booklet. Pg. 4 perhaps should read-former S.S.Class,(or my first S.S.Class) Page 5 -- Violet had other teachers beside Miss Grunski at C.V.School.. Should building, be after --bench-----new C.V.S. school?-(near bottom of pg.) On page ten --(My brother Francis was Principal at Aldenville High School, for several years. He taught in a number of places.. He made teaching a career. You do not need to put this in, but thought I would mention it.) At bottom of pg10 where Eunice teaches is --the Aldenville Elementary School.

Notes---pg.11--My third grade teacher was Warren P. Norton, that is the way he signed it on Report Book.. I never knew him to be called Wayne. Lois Norton Curtis is a sister of Warren. She is not very well, and is staying at present with a nephew---Kenneth Singer in Waymart.

I hope you can make sense of this letter, as I have made mistakes.

It doesn't look like spring yet, but hope it soon will.

Thanking you for the opportunity of writing about my old school days.

Sincerely,

Verna C. Varcoe
